May 10 June 14 July 5 August 9 September 13 October 11

CLOSING DATE: Monday prior to show

The intent of this series is to offer courses that are straight forward and inviting. Obstacles with a greater degree of difficulty such as Banks, Drops, Ditches, and the Water Complex are generally flagged in a way to offer multiple options. Courses are considered schooling or "move-up" and are **not** built to the maximum height and width requirements. None of the courses will be timed and riders are trusted to report their faults back to the starter after completing the course.
